Q1 2026 Fund Commentary

Commentary and opinions are provided by Keyridge Asset Management.

Market commentary

Tensions that had been building in the Middle East for months escalated into a broader regional conflict during the first quarter of 2026, disrupting flows of oil and gas through the Strait of Hormuz. At quarter-end, the duration of the conflict, its impact on energy supplies, general supply chain implications and the potential effects on inflation, interest rates and economic growth remained uncertain. These concerns weighed on global equity markets against a backdrop of international trade tensions and generally weak consumer spending. Large-scale investment in artificial intelligence infrastructure continued to provide a partial offset to the broader weakness. A resolution of the conflict could ease these risks, but a prolonged disruption has the potential to affect many sectors and industries.

Performance

A holding in Applied Materials Inc. contributed to the Fund's performance during the quarter. Holdings in Samsung Electronics Co. Ltd. and Keysight Technologies Inc. also contributed to performance.

At a sector level, allocation in the information technology sector contributed to the Fund's performance.

A holding in Microsoft Corp. detracted from the Fund's performance during the quarter. Holdings in Ryanair Holdings PLC and Booking Holdings Inc. also detracted from performance.

Stock selection in the consumer staples and health care sectors detracted from the Fund's performance.

Portfolio activity

The sub-advisor added to the Fund holdings in Mastercard Inc., SAP SE, BNP Paribas SA, Pool Corp. and Novartis AG. The sub-advisor sold the Fund's holdings in Electronic Arts Inc., PayPal Holdings Inc., Tryg AS, PepsiCo Inc. and The Magnum Ice Cream Co. NV.

Outlook

The sub-advisor searches global equity markets for attractively valued companies and isn't driven by macro events. The sub-advisor doesn't include macro forecasting in the search or selection process.
